February 2013

Welcome to another edition of "From Your Libraries..." Check out this issue for new database content in Passport as well as information about Business Films available for your courses and other Reserve options.

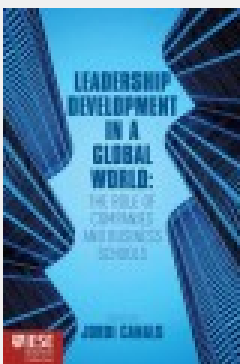

There's still time to schedule a research instruction session for your course or request a customized research guide. If you have other ideas for ways that Springs Library can support your research and teaching, please share them with us!

Kathy & Emily

We have expanded our resources in Passport to include Sectors & Industrial modules. The Sectors content offers a more granular level of industry analysis, providing consumer market performance trends and drivers at a sector/category level (e.g., Alcoholic drinks is further divided into categories such as beer, cider, wine, etc.). The Industrial module focuses on B2B markets in the 18 largest economies in the world. It adds over 177 industry reports with firmographics and country-specific details. [Click here](#) for access.
