Hello from Thomas Cooper Library!

Have a relaxing yet productive summer, and remember that we are available all summer to help in any way I can. We look forward to working with you in the fall.

Bill sudduth & Deb Yerkes

The [1940 census](#) is made up of 3.8 million images, scanned from over 4,000 rolls of microfilm. This website is the official host of the 1940 census, designed to allow you to easily browse digital census images.

Get personal research assistance with "Book A Librarian"

USC students, faculty and staff who want help with their research can make an appointment for a free consultation service that provides a person-to-person session with a librarian. The sessions can help identify ways to access and navigate electronic resources; develop search strategies; discover and locate primary source materials; search the web for relevant and reliable information; and locate materials for a literature review.

Schedule [a consultation](#).

Carry the library in your pocket

University Libraries has introduced a mobile version of its website. The site includes mobile-friendly applications for some of the library's most used resources, such as the library catalog, Ask a Librarian, the computer availability page and some library databases. The site is optimized for viewing on a wide range of mobile devices.

eRequest

Use 'eRequest' for book requests. Remember to continue submitting requests for books you would like the library to add to the collection.

[Click here](#)

if you have an established account or would like to create one. If not, send your requests to your department's faculty representative or to your liaison.

To experience the site's full potential, use your smartphone or tablet to view our site at <http://m.library.sc.edu>

Planning for technology-based class projects?

To paraphrase Tom Cruise in the movie Jerry Maguire-- "Help us help you." Or more precisely, help us help your students succeed. If you plan to assign technology-based class projects, then you need to [read this!](#)
