Hi! I hope the fall semester is going well so far.

As your liaison to the library, I can provide instruction for your students, develop online guides for your courses, and process purchase recommendations for the library's collection. I'm here to answer any questions you may have about how the library can support your teaching and research. I look forward to working with you this year!

iPOLL is the largest source for opinion polling data. Data covers 1935 to the present on a broad range of topics. Questions can be searched by keyword, topic, date, or source. The database includes polls from many sources: major news organizations (CBS, ABC, Associated Press, etc.), public opinion research centers (Gallup, Harris, Pew, etc.), and major academic and commercial pollsters. Only polls of the United States population at the national level are included, but international datasets are available for immediate download. Click [here](#) to connect.
