We want to hear from you! You will soon be receiving an email from Tom McNally, Dean of Libraries, with a link to an important faculty survey. This survey focuses on research, teaching, and publishing, and it seeks your perspective on a range of topics, including how you engage with and perceive the library. In particular, the survey will help the library gain insight into how our faculty members work in a rapidly changing and increasingly digital environment.

We hope you will take a few minutes from your busy schedule to assist us!

This resource is a searchable collection of reference books and encyclopedias in electronic format. Titles cover arts, biography, business, environment, history, literature, medicine, multicultural studies, science, and social science. Click [here](#) to access.
