Greetings from Thomas Cooper,

If you are planning to teach a class that includes a library research component, or you'd like your students to learn about information literacy concepts, I am available to help. I can lead a session on doing research in the library, create a guide to help students with a class or specific assignment, or conduct one-on-one consultations with students. Please contact me, [winches2@mailbox.sc.edu](mailto:winches2@mailbox.sc.edu), if you would like to discuss this.

Stacy
