## MathSci Net (American Mathematical Society)

AMS peer-reviewed journals are of the highest quality in mathematical research. Our journals have been published since 1891 and cover a broad range of mathematics. Each journal is managed by editors who are prominent in their fields, and each is unique in its offering of articles, book reviews, and reports. In addition to publishing and distributing printed journals, the AMS offers [searchable](#) electronic versions that are available prior to the print versions. When the journal is available in electronic format, the electronic version is considered the version of record.

## eRequest

Use 'eRequest' for book requests. Remember to continue submitting requests for books you would like the library to add to the collection.

[Click here](#)

if you have an established account or would like to create one. If not, send your requests to your department's faculty representative or to your liaison.

Interested in helping to make college more affordable? The library will host a series of events for faculty, staff and students highlighting free, high-quality educational materials that support curriculum and instruction. More [Information](#).
