

Ernest F. "Fritz" Hollings Collection
Audio-Visual, 1943-2008
Boxes 696-762

For biographical information on Senator Hollings and finding aids for other segments of the Hollings Collection, see the [Hollings page](#) on SCPC's website. For copyright, citation form, and other general information, [see here](#).

Description of Materials

Audio-Visual consists predominantly of [images](#) and [audio](#) and [video](#) recordings, 1943 to 2008, though most of the material is 1954 to 2004. The outliers are a 1943 photo of Hollings during WWII and a 2008 dvd of Hollings on Bill Moyers Journal on the occasion of the release of his book, [Making Government Work](#). Totaling 67 linear feet of material (67 cartons), AV is arranged by format and then by date, with the exception of one box of [Rita Liddy "Peatsy" Hollings'](#) materials that contains multiple audio and video recording formats.

Images consist of nine linear feet of [photographs](#), [contact sheets](#), [slides](#), [negatives](#), [scrapbooks](#), and [oversized](#), grouped first by format and then by topic. Photographs reflect Hollings' interest in a wide-range of issues (industry and trade, the budget, conservation, hunger) during his Senate career and his duties as Senator. A small amount of photographs reflect his time as Governor. Representing his longstanding commitment to a balanced budget, Hollings posed with Senators Phil Gramm and Warren B. Rudman, with whom he authored balanced budget legislation in 1985 (nicknamed "Gramm-Rudman-Hollings"). One folder of photos and some slides follow Hollings on his well-known "Hunger Tours" in 1969. Numerous photos show Hollings with a number of U.S. Presidents, from John F. Kennedy to Bill Clinton. Hollings' extensive travels abroad, often as part of a congressional delegation, are illustrated with 18 folders and eight scrapbooks.

Above, Hollings speaks at a Senate Finance Committee hearing on a textile bill in July of 1985.

The Senate Photo Negatives, 1960 to 1980 ([box 703](#)), show Hollings at work at his desk, at Senate functions, receiving awards, and greeting and posing with visitors to his office. Of note are Hollings with J. Edgar Hoover, May 2, 1968, Hollings with two March of Dimes girls, Dec. 9, 1972 and Dec. 5, 1975, and finally, Hollings' wife, Peatsy Hollings, see Apr. 10, 1979.

Hollings' family, his Senate staff, and his constituents are also represented by numerous images. Eight folders of photographs ([box 697](#)) show Peatsy Hollings with various dignitaries, political leaders, and, of course, Senator Hollings, along with photos of her wedding to the Senator, her interaction with constituents, and her work with various groups like the American Red Cross. At left, Peatsy works with another Red Cross volunteer, Maryon Allen, wife of Alabama Senator James Allen. For Peatsy Hollings' paper records, [see here](#).

Audio and video recordings consist of over 700 [video recordings](#) and 800 [audio recordings](#) in multiple formats, arranged chronologically within format. Featured prominently across the formats are Hollings campaign ads, senatorial debates, and related campaign interviews and events, most notably footage and commentary from his campaign for the Democratic nomination for U.S. President in 1983-1984. Hollings made numerous media appearances to discuss legislative and campaign issues from 1959 to 2004 as South Carolina Governor and U.S. Senator, including repeated appearances on cable and network news programs and South Carolina ETV radio and television programs. In addition, on the Senate floor and at press conferences, Hollings vocalized his stance on the Panama Canal Treaty, the Watergate hearings and the Nixon Presidency, the General Agreement on Tariffs and Trade (GATT), the budget, the 1986 Challenger explosion, naval base closures, on-line privacy, the Textile Industry, the 1991 Gulf War, and other key legislative issues.

Of special interest are several dozen early audio news conferences (in [cassette](#) and [reel](#) form) from the late 1950s and early 1960s in which a young Governor Hollings addresses the South Carolina public on critical matters affecting the state like integration and voting discrimination. A collection of [VHS cassettes](#) ending in 2004 highlight moments from Hollings' industrious and expansive career as a legislator, including a candid interview with Mike Wallace on CBS's *60 Minutes*.

Peatsy materials ([box 758](#)) include her television interviews and numerous PSAs (public service announcements) on drunk driving, drug abuse, education, and health care on a variety of formats (audio tape reels and cassettes, 1" video tape reels, and 3/4", VHS, and Beta video cassettes) from the 1980s and 1990s. As described above, there are also eight folders of Peatsy photographs in [box 697](#).

16mm film reels fill three boxes ([759 to 761](#)) and are mostly from Hollings' 1966, 1968, 1974, and 1980 Senate campaigns, though one reel is of JFK speaking from the South Carolina Statehouse steps in October, 1960.

Digitized Materials

Eighteen photographs and eleven audio clips are available online in "[Fritz Hollings: In His Own Words](#)," a digital collection of writings, speeches, photographs, and audio files. The audio clips, from Hollings' last term in office, capture him at his verbal best on the Senate floor and in committee. The photographs, 1977 to 1991, are from committee meetings and hearings and press conferences. One such photo is above on page 1. Another is shown at right. Hollings sits surrounded by constituent mail at a 1986 press conference encouraging Congress to override President Reagan's veto of a textile bill.
