Legislative Files and Constituent Correspondence, 1977-1986

Description of Materials

Below is the box list for Legislative Files and Constituent Correspondence, 1977 to 1986. For other years, see: 1966 to 1976, 1987 to 1996, and 1997 to 2004.

Legislative files and Constituent Correspondence are arranged together starting with the 90th Congress, 1967-1968 (plus material from Dec. 1966), and ending with the 108th Congress, 2003-2004. Within each Congress, files are arranged alphabetically by topic, from abortion to commerce to foreign affairs to welfare. Constituent correspondence is the letters, emails, and faxes received by Hollings’ Senate offices in Washington, D.C., and South Carolina on a wide range of topics. Legislative files are documents used or created by Hollings, his staff, and outside sources, and relating to legislation, the legislative process, the federal government, and South Carolina issues. By far, Legislative files and Constituent Correspondence make up the largest part of the Hollings Collection. For a description of selected key topics found within this series, please see Legislative Files and Constituent Correspondence Description, 1966-2004.
